Response to Amendment

1. In response to the Final Office Action mailed 20 December 2007, applicant submitted a response filed 14 February 2008, in which the applicant amended claims 15, 17, 22 and 24 without adding new matter. Claims 16, 18-19, 23 and 25-26 have been cancelled.

Allowable Subject Matter

2. Claims 15, 17, 20-21, 22 and 24 are allowed. Claims 15 and 22 have been amended to include the allowable subject matter as recited in claim 20 and so therefore Independent claim 20 is also allowable over the prior art.

The following is a statement of reasons for the indication of allowable subject matter:

Goni and **Grimshaw** fails to specifically disclose, alone or in combination determining whether absence of final segment data associated with the first verb-clitic form segment indicates that the first verb-clitic form segment cannot be a final segment of the verb-clitic word; determining whether final segment data associated with the second verb-clitic form segment indicates that the second verb-clitic form segment must be the final segment of the verb-clitic word; and combining the first and second verb-clitic form segments from the lexicon to form the verb-clitic word only if it is determined that the first verb-clitic form segment cannot be the final segment and that the second verb-clitic form segment must be the final segment.

Additionally, dependent claims 17, 21 and 24 are allowable for further limiting the independent claims.
